Attn: Jeff Stewart

Letter of Reference

Dear Sir/Madam:

We are pleased to provide a Letter of Reference for LMS Holdings, LLC (LMS). Manhattan Construction had the opportunity to work with LMS on several projects at The United States Visitors Center and are extremely pleased with the quality of work and professionalism exhibited by Mr. Jeff Stewart and LMS.

Manhattan Construction contracted with LMS on specialty construction services that required working in occupied space under specific conditions necessary for working in and around historically sensitive projects. The specialty construction services LMS provided included:

- Cleaning the HVAC duct system in The U.S. Capitol Visitor Center and the U.S. Capitol.
- Specialty drainage and landscaping for large exterior planters in front of the Capitol and decorative planters on the plaza.
- Waterproofing and epoxy lining of fountain piping for both interior and exterior water fountains.
- Demolition of walls and floors and construction of new walls and floors including installation of interior doors and hardware.
- Installation of a water filtration and softener system for the water fountains.

We are extremely pleased with the quality of work and professionalism exhibited by Mr. Jeff Stewart and LMS. In closing, we highly recommend LMS for similar type projects and services.

Please contact me at 703-898-3667 for any additional information you may need.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard Lee Blake, Jr.", written over a white background.

Richard Lee Blake, Jr.
